FALL IS FINALLY HERE TO STAY! October, 2022

On Halloween, the students in each class, (K-2 and Gr. 3-5) carved a large pumpkin into a Jack O' Lantern. Then, to make their pumpkin face even scarier, the K-2 students painted it, and created a terrifying ghoul !

Gr. 3-5 made a 3 faced Jack O' Lantern creepy at any viewing

First, the K-2 students scooped out pumpkin seeds

Finally K-2 painted their pumpkin to make it a scary pumpkin ghoul!!

October, S.T.E.M.

Our intrepid scientists in Grades 3-5 participated in some S.T.E.M explorations. (Stem is an acronym for Science, Technology, Engineering, and Math). Students got to make a hypothesis (educated guess) about the outcome, and then tested to see if their predictions were correct or, in fact, did not hold up.

Investigating chemical reactions. Inflating a balloon with baking soda and vinegar

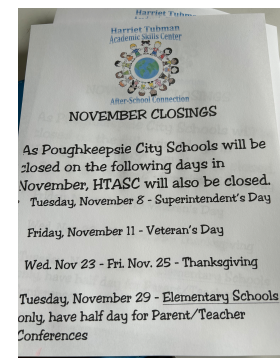

Exploring surface tension. How many water drops could fit on a penny

Making lemon scented soap
